

# ECED Pre-Approved Undergraduate Electives

**For ECED Early Years Education (EYED) and Infant Development & Supported Child Development (IDSC) Certificate and Diploma programs (not applicable to BC ECE Basic/Assistant Certificate programs).**

## **Please note:**

- It is the responsibility of students to find out about prerequisites for undergraduate elective courses, and whether these may be restricted or blocked during the term/year. Course restrictions can change over time - please check the course comments in the [course schedule](#) to confirm current restrictions.
- Some electives at the 300- or 400-level (senior undergraduate) are synchronous (i.e., have a set weekly time scheduled for online sessions) even when offered as “web-based lecture.” Students who require asynchronous courses (no regularly scheduled online sessions) need to be aware of course structure (e.g., synchronous or asynchronous) when selecting an elective.
